2020-2021 SAINT LEO THE GREAT SCHOOL

VIRTUAL LEARNING PLAN

FOR A SCHOOL-WIDE CLOSURE

Guidelines for Parents/Guardians – Virtual Learning

- Please do not interact with the virtual classroom while you have a child/children remote. Calling out, asking questions etc., causes a distraction for both the students in the class and the teachers who are instructing. If this happens, teachers have been instructed to end the session for the remote learner and will notify administration of the situation. If you have questions or concerns, we ask that you please contact the teacher via email or through your student's Microsoft Teams chat feature.
- Please remember that this is a "live" platform. Be aware that microphones and cameras can pick up the surrounding environment. Remember to mute your microphones unless specifically instructed by the teacher to do otherwise.
- Please understand that a remote environment should be treated as if it was a normal school day:
 - Please make sure that your child/children have their cameras on and are in their Saint Leo the Great uniform shirts.
 - o Your child/children must be present for attendance by 8:00AM.
 - Your child/children should not be showing their pets or their siblings on their computer screen.
 - Students should not be singing, playing with toys, eating, listening to music, or discussing non-subject materials during times of instruction.
 - Please have your child/children refrain from using any backgrounds (outer space, beach, etc.) as your child/children in their home should be the only image visible on the computer screen.
 - Your child/children should be visible for the teacher to see and interact with.
- Please be aware that the chat function is visible by all class participants, so be mindful about what your child/children types within that part of the Microsoft Teams application. Any and all communications online are subject to our school's policies and protocols as set forth in the Student Handbook and Code of Conduct.
